Hi Alison,

Nigel Robinson informed me that the oversight bill for OU 2 (which covers the time period from 1/1/15 to 12/31/15) includes costs for a 5 year review that EPA conducted for OU 2 as required by Section 121(c) of CERCLA. The oversight bills for OU 2 and 3 should be sent out this week.

All the best,

Amelia

Thanks Amelia. The OU-2 invoice amount seems rather high; it's significantly higher than last year's OU-2 invoice (which was for \$13,669.39), and nothing out of the ordinary has gone on at the Site during 2015.

On the OU-3 Phase III well installation access front, we thought we had reached agreement for access with the owner of the Royal Garden Apartments complex, but we have yet to get back the counter-signed agreement, so have been unable to get our contractors out to that property yet. Both Project Manager Bill Lee and I have been following up and I will let you know if we don't confirm access shortly.

Regards,

Alison

Hi Alison,

I just wanted to let you know that it is getting to be that time of the year when EPA issues its oversight bills for the Chemsol, Inc. Superfund Site. I usually try to give you a “heads up” regarding the amounts of the bills before the bills are actually issued and that is the purpose of this email. The amount for OU 2 should be \$50,597.95 and the OU 3 amount should be \$10,531.62. If the amounts of these bills change, I will let you know but I anticipate that these amounts will be the final numbers.

All the best,

Amelia

P.S. I am assuming that since I have not heard from you, you were successful in obtaining access for the well drilling.

Amelia M. Wagner, Esq.
